NEW!

COMPACT disc DVD

REMAKE standard

For mid-to-high-volume publishing, the all-new **RM**s gives the features and benefits of the PF-3 Print Factory® (see p. 5) with an added high-speed DVD/CD recorder and a complete software suite. The industrial **RM**s will burn virtually any DVD or CD format, including Dual Layer. Churches, schools, small office/home office, sales and marketing departments, videographers, and recording studios will benefit from its innovative design.

Highlights Include:

- Easy-to-use interface, even for novice users
- Record and print, or print-only modes
- Unattended burning and printing of up to 100 discs at a time
- Set up multiple jobs and walk away!

Printing Speeds

Print full-color, full-coverage, in 80 seconds for Photo Normal mode. For Text & Graphics Best mode, print a full disc in 65 seconds, or just 20 seconds at 20% coverage for Text & Graphics Normal mode.

Microboards Recommends Taiyo Yuden Media

Inkjet, lacquer, and thermal CDs and DVDs are available from Taiyo Yuden and Microboards.

Create Professional Discs in 3 Easy Steps!

1. Design your label using included SureThing™ templates, or import from a program like Photoshop®.
2. Choose your recording files. Make audio discs, burn multimedia content, distribute software, or archive data.
3. Set the quantity desired. Access advanced features through the intuitive software interface.
