REMAKEeasy Publisher

Make Professional Discs with the RE Print & Burn Station!

Easily design labels, record, and print directly on the disc! With a 50-disc capacity, high-speed CD/DVD combo drive, integrated inkjet printer, and small desktop footprint, the Microboards **REMAKEeasy** is perfect for businesses and organizations requiring short runs of professionally-finished discs. Anyone can benefit from its innovative design and low price point. Set up multiple jobs with any quantity, walk away, and leave the **RE** to do the rest! Burn virtually any DVD or CD format, including dual layer. Controlled from your PC or Mac over a single USB 2.0 cable, the **RE** is an all-in-one production package.

The **REMAKEeasy** is the entry-level disc publisher from Microboards. Its small desktop footprint of just 11.5 inches wide makes it ideal for any office.

Creating professional CDs and DVDs is easier than ever before using the included software suite of PrassiTech's Zulu2 disc mastering software and SureThing label designer for Windows 2000 & XP, and CharismacDiscribe for the Mac. Or create and import your own artwork from Photoshop or other graphics applications. Printing full-color, full-coverage is fast and low-cost.
